

TEXAS INTERFAITH ADVOCACY DAYS

Legislative Priorities

Climate Justice

Texas should work to reduce greenhouse gas emissions by 40% by 2030.

- Legislators should maintain Texas' historic commitment to renewable energy
- Legislators should make distributed energy more affordable and accessible

Migration Justice

Texas should welcome refugees and promote migrants' safety and health.

- Legislators should strengthen transparency and accountability of all processes and providers involved in migrant detention
- Legislators should urge Governor Abbott to reverse the decision to refuse to resettle refugees in Texas

Health Justice

Texas should work to ensure that affordable health insurance is available to all Texans.

- Legislators should expand Medicaid as provided under the Affordable Care Act
- Legislators should implement Medicaid 12-month continuous eligibility for children and 12-month postpartum coverage
