The image shows the exterior of the University Presbyterian Church in Austin, Texas. The building is constructed of light-colored brick and features a prominent gabled roof with a dark brown finish. The main entrance is an arched doorway with two large, dark-stained wooden doors that are slightly ajar. To the left of the entrance, a tall, narrow, decorative metal tower rises from the ground. The church is surrounded by lush greenery, including a large tree on the left, a smaller tree in front of the entrance, and various shrubs and potted plants. A white metal railing runs along a red brick walkway leading to the entrance. In the background, a white car is visible on a street. A green text box is overlaid on the left side of the image, containing the text 'Voter Information Booth' and 'University Presbyterian Church Austin, Texas'.

Sample Voter Information Booth Evaluation Form

Thank you for volunteering for our congregation's voter information booth! Please take a moment to complete this short volunteer evaluation form. The information you provide will help evaluate our Voter Info Booth so we can make the next one even better! Your thoughts will help us gather information about what we did and, also, what we might do in the future.

Feel free to type in your thoughts about each question and email them to _____ by _____ (date).

The last four weeks:

- 1) Do you think having the booth with info on **voting** was worthwhile? Please explain.
- 2) Do you think having the booth with info on **our _____ program** was worthwhile? Please explain.
- 3) What did you like best about talking with our "customers?" Least?
- 4) Was offering candy and water a positive or negative contribution? Please explain.
- 5) What were the greatest benefits you personally experienced in staffing the booth?
- 6) What were any difficulties for you personally in staffing the booth?
- 7) How do you think our presence and purpose was perceived by the people with whom we interacted?

For the future:

- 9) Do you think we should have this type of program again in the future? Why or why not?
- 10) Do you have any other suggestions you would like to share?

Evaluation Responses of UPC Volunteers

Was the voting info booth worthwhile?

Yes!! Students were definitely interested!

Students were interested in their current ballot!

We did encounter some students who needed to register or change their address.

Evaluation Responses of UPC Volunteers

Was info on UKirk worthwhile?

A few students asked questions.

Hard to judge. I still think it is important to include info. We never know if we might reach someone, but we know we won't if we don't try.
