What was one "ah-ha" moment for you at Legislative Event—one thing you learned or moment you experienced that you are still thinking about?

What topics were not covered that you would like to see covered in future events?

What information do you plan to share with your unit, congregation, or other group?

What could the Legislative Event Committee or Texas Impact do to help you make the best use of the information you get at Legislative Event over the rest of the year?

Please share how Legislative Event equipped you to advance UWF's mission of working for justice on behalf of women, children, and youth.

Any other comments you would like to share to help the Legislative Event Committee as we start planning next year's event?

This year, virtual registration was \$35, which included access to all sessions and follow-up materials. Which of the following do you agree with? Check all that apply

- The price was about right for what we got.
- I wish there were more options to register for some portions of the event but not others.
- I'd be willing to chip in to sponsor specific costs of presenting Legislative Event if asked, whether I plan to attend in person or online.
- I really like the idea of local watch parties--how do we make that happen?
- Seeing some participants attending in person made me feel more connected than when every person is on Zoom.

What kind of support would you need to host or participate in a local watch party for Legislative Event?

- I would want a kit with detailed instructions at least a couple of months in advance of the event
- I would want technical help in setting up the viewing and online participation systems
- I would want the Committee's help in recruiting and promotion for my watch party
- I would want or need financial support to cover refreshments and technology costs for my watch party

Do you plan to attend Legislative Event in 2025? This is not a commitment—just your rough guess!

- Yes! And I'll be inviting my friends to join me!
- I hope so, but it's too far in advance for me to know for sure.
- It depends on what's on the program.
- It's unlikely—this event isn't meeting my needs.
- Nope...but y'all have fun!

If you feel that you are unlikely to attend next year, is there a specific reason?
